

UIViewController

```
classDiagram
    class UIViewController {
    }
    class AppViewController {
    }
    AppViewController --|> UIViewController
```

The diagram illustrates a class hierarchy. At the top is a gray-shaded box representing the 'UIViewController' class, which is divided into three horizontal sections. Below it is a white box representing the 'AppViewController' class, also divided into three horizontal sections. A blue arrow with an open triangular head points from the top section of 'AppViewController' to the bottom section of 'UIViewController', indicating that 'AppViewController' inherits from 'UIViewController'.

AppViewController
